## ADDITIONAL INFORMATION

**BELLE CLEAN** is a liquid compound specifically formulated to dissolve built-up cement & concrete on tools and equipment associated with the concreting industry. The special de-bonding agent reverses the molecular bonding action of the cement and turns it back into a loose mix of sand and aggregate that's easily rinsed away.

- The Acid alternative concrete dissolver.
- A biodegradeable mixture that contains no hazardous ingredients or VOCs that can harm the environment.
- Can be used to remove cured cement, concrete, mortar, grout or stucco from any surface and also removes old rust and oxides.
- Non corrosive to the skin, and has no corrosive fumes to attack the lungs. It does not attack aluminium, steel or painted surfaces.
- Non flammable substance for added safety during usage.
- Minimum labour costs due to simple and effective procedure.
