BMD 300

MINIDUMPER ACCESSORIES

The range of Altrad Belle minidumper accessories increase the versatility of the machine.

These enable it to carry awkward or oversized loads, operate on turf, tip into skips, tow other vehicles and machines as well as turning it into a snow plough.

BUILDING A SUSTAINABLE FUTURE

FEATURES & BENEFITS

Flatbed Attachment

- Ideal for awkward loads, e.g. bricks, logs, turf.
- Maximum payload of 300kg.

Towing Hitch

- Ideal for moving trailers, caravans etc. around site.
- 1000kg Maximum towing weight on flat ground.

Snow Plough

- Easily attached to the front of the skip.
- The blade can be raised for maneuvering and angled to remove the snow in the desired direction.

Turf Tyres

- Ideal for landscaping projects and soft ground conditions.
- Wheel spacers and fittings supplied as standard.

Skip loading Ramps

- Perfect for attaching to the side of a skip with adjustable legs for uneven ground.
- 600kg maximum payload.
