MS 500

MASONRY BENCH SAW

A heavy duty and robust high capacity, 500mm masonry bench saw.

The MS500 saw has a host of features for improved safety, portability, ease of use and productivity.

Designed for cutting all types of materials.

BUILDING A SUSTAINABLE FUTURE.

FEATURES & BENEFITS

- Straight and accurate cutting is achieved through the use of a sliding table fitted with seize free rollers.
- Dust free operation from a highly reliable submersible pump.
- Fitted with wheels for ease of transportation.
- Cutting head can be raised or lowered by hand or foot.
- Extra large blade guard to take larger blades
- Machine splits in two for ease of transportation and storage.
- Forklift points for safe on-site transportation.
- Easy to reach controls for added safety.
- Petrol or Electric options available.

FORKLIFT POINTS FOR SAFE ON-SITE TRANSPORTATION

EASY TO ACCESS CONTROLS FOR ADDED SAFETY

TECHNICAL SPECIFICATIONS

Model	MS500 Honda GX160	Model	MS 500 Electric
Part No.	MS501	Part No. (110v)	MS507
Engine Power	(Hp/kW) 4.9 / 3.6	Part No. (230v)	MS513
Blade Size	(mm) 500	Motor Power	(Hp/kW) 3.4 / 2.5
Blade Speed	(rpm) 2256	Minimum Transformer	
Max. Cut Length	(mm) 630	Size (110v)	(kVA) 10
Max. Cut Depth	(mm) 195	Blade Size	(mm) 500
Water Tank Capacity	(Ltr) 57	Blade Speed	(rpm) 2256
Sound Power Level	(dB L _{WA}) 104	Max. Cut Length	(mm) 630
Width	(mm) 715	Max. Cut Depth	(mm) 195
Height	(mm) 1590	Water Tank Capacity	(Ltr) 57
Length	(mm) 1410	Sound Power Level	(dB L _{WA}) 107
Weight	(kg) 202.5	Width	(mm) 715
		Height	(mm) 1590
		Length	(mm) 1410
		Weight	(kg) 202.5
