COMPACT 350X

FLOOR SAW

The low weight and compact size combined with fast cutting speeds make the Compact 350X an ideal choice for all floor and road repair work in concrete and asphalt.

Features an engine protection frame to protect the saw in the worst of conditions and with a removable water tank it is totally independent of other equipment and practical for remote sites.

Simple to operate and safe to use.

The ideal contractors' saw.

BUILDING A SUSTAINABLE FUTURE

FEATURES & BENEFITS

- Very low Hand Arm Vibration levels for the longest safe usage times.
- Easily transported (fits in the back of a small van).
- Specially moulded 25-litre detachable water tank.
- Foot operated depth adjustment for speed, simplicity and safety.
- Robust construction to survive the heaviest contract work.
- Adjustable handle height.
- Effective dust suppression.
